JULY 2025

Monthly Tip

Don't skip the sunscreen! We all know sunscreen is essential for our face, but don't forget your neck, chest, hands, and body too! Daily SPF is one of the most effective ways to protect your investment in treatments like Tox, microneedling, and peels.

✦ *Pro Tip: Use a broad-spectrum SPF 30+ every morning, rain or shine. Reapply every 2 hours if you're outdoors!*

Looking for a spf? Ask us about our Alastin and Skinbetter products.
